

Survival Guide

A guide for EBEC Challenge Lisbon 2023

Welcome Challenger!

The competition will take place in the Civil Pavilion at Alameda Campus of Instituto Superior Técnico, from 14:00h of the 25th of March to 14h of 26th. **Please arrive by 13:30h**, to welcome you in a relaxed manner and to mark your attendance, to receive your team's care package and to guide your team to their assigned room. Remember, it's a 24 hour competition so you are going to stay 24 hours with your teammates, bring comfortable clothes!

Throughout the competition, there will be a **food room open 24 hours**, feel free to grab snacks for you and your teammates and **we will serve Saturday dinner**. There will also be a food room, where some food will be available during the 24 hours. Of course, feel free to bring any food or snack you desire for yourself and your team.

It is important that each team brings at least one **personal computer**, though **we recommend that each member brings their own**. You will work in your team's assigned room and you may leave your room at any time, however **you can't enter any other team's room and must tell the organization if you want to leave the pavilion!**

- There will be some checkpoints during the competition where the teams show their developments until that point, and through the 24 hours you are free to ask the organization about doubts and clarifications on Case Study/Innovative Design Scripts.

- Participants are of course allowed to communicate with the exterior, **however they may not share any details about the scripts or ask for external help;**

During the 24 hours of the competition, there will be **3 mini competitions** with the duration of about 1 hour each, where the winning teams will receive advantages to the competition at large.

- It is of note that it **is mandatory the participation in these mini competitions** of at least two members of each team.

On Monday, **27th of March**, on rooms Anfiteatro António Abreu and Va2, from 15h, will take place the teams **presentation of their work** for Case Study and Innovative Design in separate. **Every member's presence in their team's presentation is mandatory** (excluding exceptional circumstances) .

- **Right after, it will begin the Closing Ceremony where the winners will be revealed** and where the organization will make their closing statements.

Throughout the week before the competition, workshops These workshops are useful to the Local Round, or for the future international rounds if you are the lucky team, and provide great tools for your professional life.

At least two members of each member should be present at the Workshops, Opening Ceremony, Networking Session and Closing Session. In case that isn't possible, you should contact the organization.

In accordance with IST's new teaching model, the hours that you spend in the competition plus workshops, the networking session and in the ceremonies, **may add** up to the total hours of the new curricular unit "**Extracurricular Activities**". This is valid for students of all years, as is it possible to add the hours of various activities throughout one's academic journey. **The final accreditation is dependent on your course's coordination team.**

More detailed information will be given to the selected participants through their emails on the days before the competition. **The reading of this document does not replace the reading and comprehension of the regulation.**
